

Get Started Fast - TabletClass Math Quick Start Guide

*** Note: all users want to read over the full tutorials and watch the DEMO video**

LOGIN

A screenshot of the TabletClass login page. It has a purple header with the word "Login" in white. Below the header are two input fields: "User Name:" and "Password:". A red arrow points from the text on the right to the "User Name:" field. Below the input fields is a "Submit" button. Underneath the button is a "Note:" section stating "Passwords are case-sensitive". At the bottom of the form are two blue links: "Forgot Your Password?" and "Not a Member?".

Username and password are case-sensitive; 3 wrong attempts will lock you out of system.

If this occurs, you can contact us to regain access.

START

A screenshot of the "Course Navigator" section in the TabletClass interface. It features a yellow header with the text "Course Navigator" and a green "Start" button with a right-pointing arrow. Below the header, there is a card for "Pre-Algebra" with the TabletClass logo, a "Start" button, and dates: "Start: 10/16/2007" and "Expires: 5/14/2012". To the left of the "Start" button is a "Stats" icon showing a line graph. Above the "Pre-Algebra" card is a "Task List" icon.

Pre-Algebra **Navigator** **My Pulse**

The screenshot shows a navigation menu with the following items:

- Start Here
- Introduction to Algebra Terms and Concepts (highlighted in yellow)
- Number Operations (highlighted in green)
- Variables (highlighted in green)
- Order of Operations (highlighted in green)
- Translating Verbal and Algebraic Phrases (highlighted in green)
- Equations/Inequalities/Solutions (highlighted in green)
- Extra Practice Worksheet (highlighted in blue)
- Chapter Review Notes (highlighted in green)
- Chapter Test (highlighted in blue)
- Chapter Test Key (highlighted in blue)
- Real Numbers/Simplifying Variable Expressions
- Fractions and Decimals

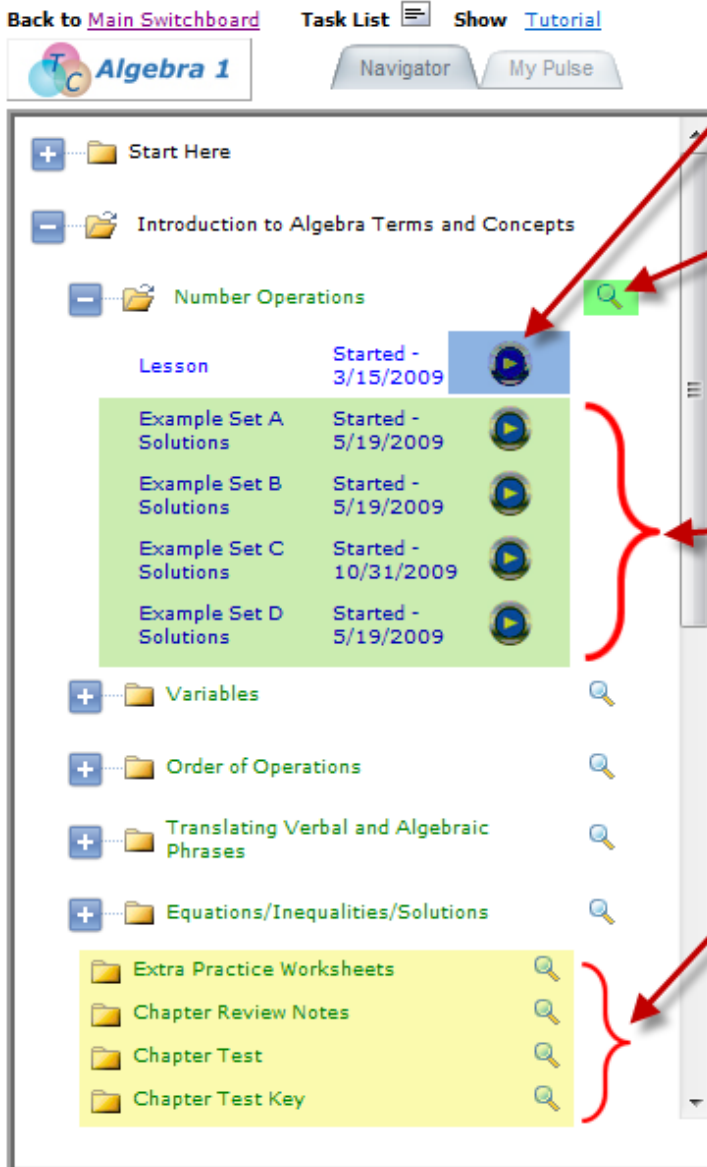

Red arrows on the right side of the menu point to the following categories:

- Chapters**: Points to the 'Introduction to Algebra Terms and Concepts' folder.
- Sections**: Points to the sub-folders under the 'Introduction to Algebra Terms and Concepts' folder.
- Extras**: Points to the 'Chapter Review Notes' folder.

HOW TO LEARN AND PRACTICE

Step 1: Watch Lesson Video
*Use the "Student Journal" to record your confidence level for the topic.

Step 2: Preview and/or print practice problems for the corresponding lesson.

*Practice problems are grouped in "Example Sets" with progressing level of difficulty beginning with "A" as basic.

Step 3: Watch video solutions to the "Example Set" problems.

*Use the "Student Journal" to record your confidence level for each of the "Example Sets."

After completion of a chapter, students can do the following:
-Review Chapter Notes
-Work on added *Extra Practice Worksheets*
-Take the Chapter Test & check their solutions with the Chapter Test Key.

*As students progress through the course, they should use the "My Pulse" feature to manage their strengths and weaknesses.
